WELLINGTON BATTERY ENERGY STORAGE SYSTEM PROJECT – SSD 27014706
CONDITION C7 – Notification of Commencement of Stage 1c Construction activities

This letter is provided in accordance with Condition C7 of the WS BESS Conditions of Consent (SSD 27014706).

The Applicant notes that it has previously provided correspondence notifying of the commencement of construction of Stage 1b of our project and that Stage 1b activities commenced on 1 August 2025.

Following the approval of the project's Fire Safety Study on 4 November 2025 (as required under condition B29 of the Conditions of Consent), the Applicant is writing to advise that all of the conditions required for the commencement of Stage 1c construction activities have been satisfied, and that the construction activities permitted for Stage 1c will be commencing on 10 November 2025.

Yours sincerely,

Anthony Yeates
